EDTERRA PRESENTS

JAIPUR

MAKE AN IMPRESSION

Equipped with ideas, excitement and cameras, come to Jaipur with us to discover what this Pink City has to offer.

Your arrival is marked by a speed hunt for a treasure of knowledge hidden within the majestic Amer Fort. Get introduced to the man who designed Jaipur, the most advanced Indian city of its day – Sawai Jai Singh II. Proceed to assess the buildings at Jantar Mantar and explain their value to the world.

India gave to the world the art of hand block printing using natural dyes. This trip is your opportunity to live this exciting craft, both from the perspective of learning through observation (at Bagru) and through actual, hands-on creation (at Sanganer). But we will also be testing your blue pottery skills.

Explore Rajasthan's rich heritage through its cuisine, folk dances, and crafts at Chokhi Dhani, a five star resort that will lay out its finest for you.

But, behind this fun, there is a purpose. Just like Sawai Jai Singh II left his impression on this city through his creations, EdTerra wants you to leave an impression on your immediate world in the form of a digital magazine rich in both visuals and information.

Yes, on this trip you will wear many hats; from photographer to editor, from layout designer to simply the vagabond traveler in search of knowledge and truth. We provide all the cameras, computers and materials you will need, and you provide the creativity.

If your question is, "Wow! Is this all possible in just one weekend?" Then the answer is, "Be our guest, judge for yourself."

Cost: Rs. 2,900/- Amount includes all costs for the two days and one night trip.
